FINE FLOORING

PRODUCT CATALOGUE

January 2024

Craftsmanship

in Flooring

About

Sawyer's Fine Flooring Ltd. is Manitoba's largest manufacturer of custom flooring vent covers, stair nosings and transitions.

The company was established in 2017 by Boris Trachenko (Sawyer), P.Eng., and currently operates in a 5,500 sq. ft. plant. We take pride in delivering products of top craftsmanship and providing outstanding customer service.

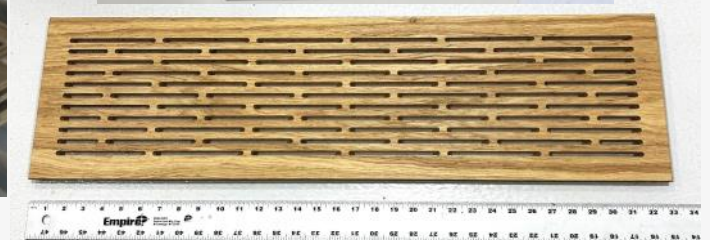

Our custom vent covers and stair nosings are manufactured from the customers' flooring materials for a perfect match with the flooring of their choice. Some of our products are developed and made exclusively by Sawyer's.

Customization is affordable. We use CNC equipment and the best materials available to seamlessly match vent covers and stair nosings for complex flooring projects. We continuously develop new products, innovate and improve equipment and processes.

Our vision is to grow and become a country-wide manufacturer of the flooring products we are dedicated to.

The 2024 Catalogue reflects our grown experience in the industry. It has undergone a major restructuring and improvement for your convenience.

We look forward to working with you on your flooring projects!

Kick Plate Vents and Vent Covers

Wood

1. Kick Plate Vents, **WKV**, are permanent venting slots cut in a board that's part of built-in furniture.

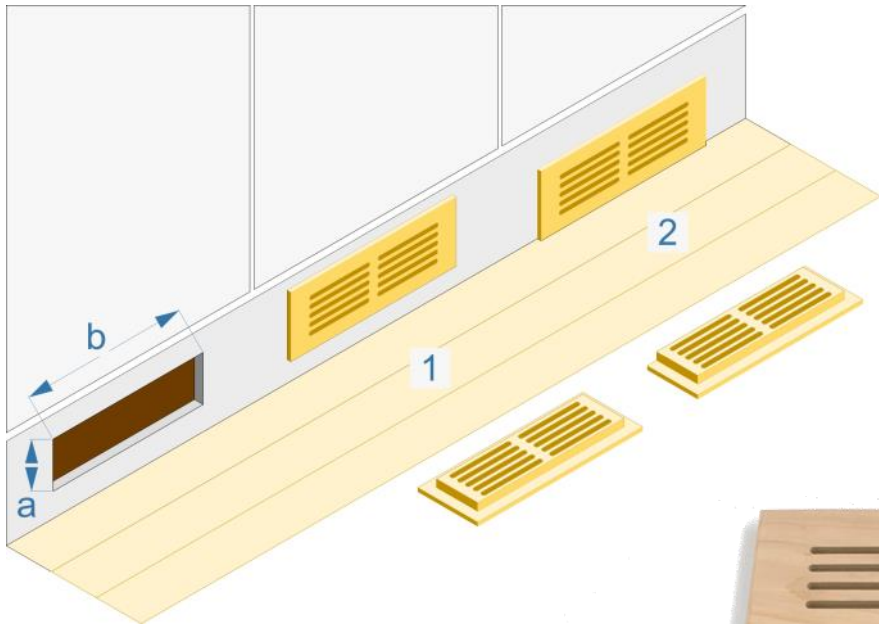

Venting slots of any shape, size or design can be cut in kick plate boards.

Kick Plate Vents	SKU to order
Custom size	WKV

2. Kick Plate Vent Covers, **WC a x b K**, are removable vent covers installed into rectangular cutouts made in built-in furniture. These vent covers are similar in design to wall vent covers and usually smaller.

Venting slots of any shape, size or design can be cut in kick plate boards. Two options are possible:

- (1) Vent cover is at mid-height on the kick plate;
- (2) Vent cover is adjacent to the floor.
