

## Wood

Tread & Riser information  
(required)

Nosing information  
(optional)

1. Only enter **Tread & Riser information** in the left section of the drawing *unless* a special nosing size is required.
2. **A** is the top width of nosing. **A = 4** unless requested otherwise.  
**A = 3-1/4"** when 3-1/4" hardwood is used. **A = 2-1/4"** or **4-1/2"** when 2-1/4" hardwood is used.
3. **a** is the restricted width measured from the nosing back edge to the face of the riser. Dimension **a** is used when the nosing has to fit previously installed adjacent plank. Do not provide **a** when **A** is provided.
4. **B** is the face (drop) size. Do not provide **B** when **Tread Thickness** is provided or a special **B** size is required.
5. **C** is the return depth. Do not provide **C** when the Tread, Riser information is provided. **Tread Overhang** is measured from the tread edge to the riser without flooring. **C=7/8"** is standard when flooring is installed on the riser.
6. Use separate sheets for different nosing profiles.
