

## Wood

Update dimensions,  
*if* required

1. **A** is the nosing top width. Either **A** or **a** must be provided. **A=2"** unless requested otherwise.
2. **a** is the restricted width measured from the nosing back edge to the face of the riser. Dimension **a** is used when the nosing has to fit previously installed adjacent plank. Do not provide **a** when **A** is provided. **a = (A - C)**.
3. **B** is the face (drop) size. **B = 1-1/2"** unless requested otherwise.
4. **C** is the return depth. **C = 1"** unless requested otherwise.
5. Use separate order sheets for different nosing profiles.
